

COVID-19 Update

Today is Tuesday, September 14, 2021.

The Shackelford County Health Clinic, ResourceCare Community Health Center tested patients for COVID-19 last week. Both testing locations combined for 18 positive test results of the 44 tests performed in the past week, Sep 7 thru Sep 10. 26 positive tests were recorded during the previous week, Aug 30 thru Sep 3, when 57 tests were conducted.

This report does not account for those testing for COVID in Abilene or Breckenridge.

In Trauma Service Area "D" the DSHS is reporting 160 lab-confirmed COVID-19 patients are currently in the different hospitals in and around Abilene. 34 of those adult patients are in ICU beds. No pediatric COVID-19 patients are reported to be in those hospitals. No ICU beds are currently listed as available in the Trauma Service Area, which is very concerning.

The Shackelford County EMS Station has free COVID-19 testing available by appointment at 325-762-3313. Call if you would like to test.

The Shackelford County Health Clinic 325-762-3661 and the ResourceCare Community Health Center 325-762-2447 have doses of the Moderna COVID-19 Vaccine.

Please call if you are interested in obtaining the vaccine.

Please take all the commonsense measures and precautions you can.

Thank you to the Health Care Professionals for all that they do for us and for providing this information.
