

COVID-19 Update

Today is Monday, March 1, 2021.

The Shackelford County Health Clinic (325-762-3661) and the ResourceCare Community Health Center (325-762-2447) have been allocated doses of the Moderna COVID-19 Vaccine. Please call if you are interested in obtaining the vaccine.

Let me share some positive news.

Locally, the Shackelford County Health Clinic, the Shackelford County EMS, and the ResourceCare Health Center combined have reported **6 positive results during the previous 14 days.**

The numbers for the Trauma Service Area D, of which Shackelford County is a member, continue to improve each day. Currently **35** people with COVID-19 are hospitalized in Trauma Service Area D which is down from **69** two weeks ago.

Be sure to check Shackelford County's webpage shackelfordcounty.org regularly for the latest information regarding the availability of the COVID-19 Vaccine and free transportation to obtain the COVID-19 Vaccine.

Shackelford County continues to enjoy an exemption from mandatory masks, the closings, the reduction in occupancy, and the reduction in serving capacity mandated by the Governor's Executive Orders GA-29 and GA-32, due to a minimal number of new COVID-19 cases **during the previous 14 days.**

Join me in prayer for all involved. Thank you to those in our community that doctor us, wait on us, serve us, and those that protect us.
