

COVID-19 Update

Today is Tuesday, June 15, 2021.

This will be the last COVID-19 Update unless something changes drastically with the COVID-19 picture for Shackelford County. The last positive test result reported by the Shackelford County Health Clinic was recorded over a month ago. The daily reports I receive from the Department of State Health Services provide the same information.

Thanks to the Health Care Professionals for all that they do for us and for providing this information.
