

## WINTER STORM DISASTER ASSISTANCE

FEMA added Shackelford County to the list of counties eligible for Individual Assistance following the Winter Storm in February.

**If you had damage during that period, you may apply for assistance by calling 800-621-3362.**

All claims must be finalized by August 23, 2021.

For those filing claims: be sure to be ready to upload pictures of the damages or the repairs, provide a list of damages, provide insurance documents indicating damages were not covered, if you have insurance, have proof of identification, and proof of ownership of the damaged property.
