In accordance with section 418.016 of the Texas Government Code, on March 16, 2020, the Governor suspended various provisions that require government officials and members of the public to be physically present at a specified meeting location. The temporary suspension will allow for telephonic or videoconference meetings of government bodies that are accessible to the public, but leaves certain open-meeting requirements in place:

- Members of the public will be entitled to participate and address the governmental body during any telephonic or videoconference meeting;
- To hold a telephonic or videoconference meeting, a governmental body must post a written notice that gives the public a way to participate remotely, such as a toll-free dial-in number, and that includes an electronic copy of any agenda packet that officials will consider at the meeting;
- A governmental body must provide the public with access to a recording of any telephonic or videoconference meeting.

Any member of the public may call in to the meeting using the teleconference information below –

Or call in (audio only)
